

رنگ آمیزی با فلورکروم ها

نام کیت	موارد کاربرد	قابل استفاده برای	قیمت
ROS ASSAY	fluorimetry/sample	all species	200,000
	flow cytometry/sample	all species	1,000,000
	cytological staining & imaging& image analysis/ well	all species	400,000
jc-10	fluorimetry/sample	all species	300,000
	flow cytometry/sample	all species	1,000,000
	cytological staining & imaging& image analysis/well	all species	600,000
mitotracker	fluorimetry/sample	all species	300,000
	flow cytometry/sample	all species	1,000,000
	cytological staining & imaging& image analysis/well	all species	600,000
lysotracker	fluorimetry	all species	300,000
	flow cytometry	all species	1,000,000
	cytological staining & imaging& image analysis /well	all species	600,000
ER tracker	fluorimetry	all species	300,000
	flow cytometry	all species	1,000,000
	cytological staining & imaging& image analysis /well	all species	600,000
DAPI	fluorimetry	all species	300,000
	flow cytometry	all species	1,000,000
	cytological staining & imaging& image analysis/well	all species	300,000
propidium iodide (PI)	fluorimetry	all species	300,000
	flow cytometry	all species	1,000,000
	cytological staining & imaging& image analysis/well	all species	300,000
Tunel-flurcein	Histological & cytological staining /sample/slide chamber well	all species	1,500,000
Tunel-HRP	Histological & cytological staining /sample/slide chamber well	all species	2,000,000
